

# AWESOME TIPS FOR BUYING THE BEST HAIR STRAIGHTENER

## Choose suitable plates

### Ceramic

- Prevents accidental overheating.
- Spreads heat evenly.
- Best for thin hair.

### Tourmaline

- Tackle frizzy hair efficiently.
- Enhance the straightening effect.
- Costly.

### Titanium

- Can handle high heat
- Suitable for thick, unmanageable hair.
- Heat penetrates fastly.

## Know your hair type.

Look for Automatic On/Off.

Check temperature settings.

## Plate Width

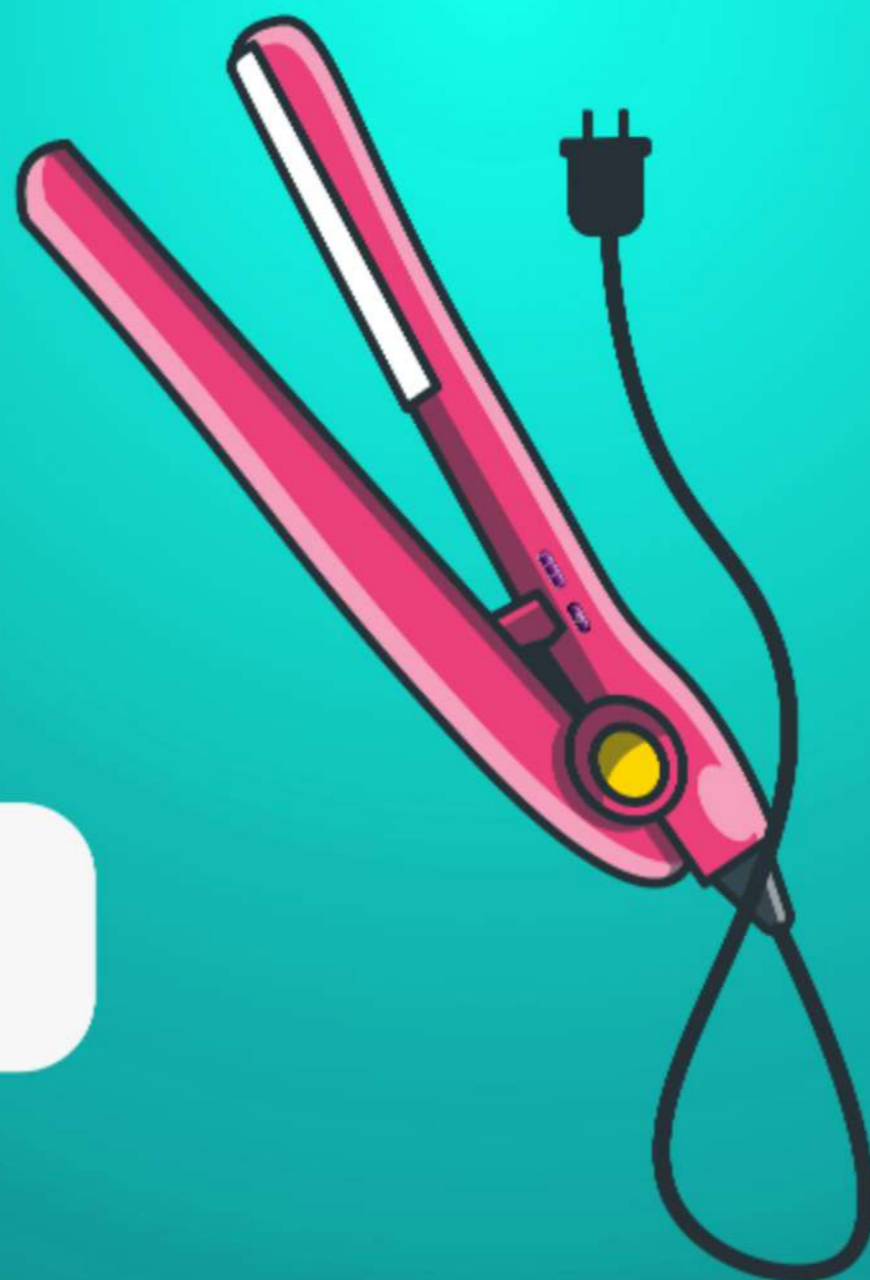

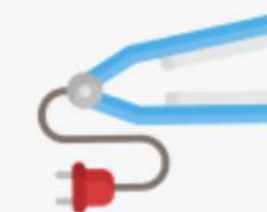

- wider plates for thicker hair type.
- narrow plates for thin hair type.

Buy high quality Straightener.

Select suitable shape.
