

HAIR CLIPPER & TRIMMER BUYING GUIDE

CLIPPER

Used for bulk hair cutting on larger areas.

Look for high quality blades.

Should have guide combs.

Has an adjustable taper lever.

With or without cord (With cord-never runs out of power. Cordless-easy to carry around).

TRIMMER

Designed for outlining, edging, shaping & dry shaving on smaller areas.

Blades
Look for sharpening steel blades, chromium steel blades.

Has an ergonomic design.

Understand your purpose.

Should have better grip.

Presence and absence of cords
(cordless easy to carry around.)

Consider your beard length.
